**George Welden, Announcer
and Track Correspondent
for all Race Events**

KOKOMO SPEEDWAY at Kokomo, Indiana, enjoys a nationwide reputation for sincerity in its presentations of race programs tailored to meet the fans' demands for action on the race track.

According to the racing vogue of the day, Kokomo Speedway opened its gates in 1947 with the presentation of open competition midget racing which was enjoying its greatest popularity at that time. Soon the "strictly-stock" made inroads into the racing picture and enjoyed their heyday in 1949 and 1950.

With racing modifications gradually slipping into the picture, it wasn't long until sportsman modified appeared and then the full modifieds which were strongest in 1957. With the full modifieds came expensive equipment, costly to maintain, and as their popularity waned, the trend veered back to hobby or sportsman stock again, these cars being mostly "rail jobs," handmade to the owner's specifications.

A new strictly stock trend also loomed and genial promoter Bill Lipkey was one of the first to present these cars in a brand new thrill-a-minute event called "Figure 8 Racing."

Figure 8 racing proved very popular for 8 years. However, in keeping with the racing trends and the changing times the racing program is being changed this year and the regular every Friday night races will consist of a doubleheader program: Super Sprints and Hobby Stocks.

For the strictly midget fans, however, U.S.A.C. midget races are also on the Kokomo Speedway agenda.

MIKE MCGREEVY, Hayward, Calif., 1966 USAC National Midget Champion

IN CASE OF RAIN . . .

The established rule in auto racing states that if over 50 per cent of the scheduled program has been run the program is considered completed. If the race program is halted because of rain and less than 50 per cent of the program has taken place the RAIN CHECK portion of your ticket to that evening's events, will be accepted as admission to the next race meet for the same kind of races. Therefore, be sure and keep your admission ticket stub which you received upon entering the gate of the Kokomo Speedway.
